THE WOMAN'S HOSPITAL IN THE STATE OF NEW YORK

Founded in 1855 through the efforts of J. Marion Sims, M.D.; incorporated in 1857.

The Woman's Hospital has the distinction of being the first institution in the world established by Women "for the treatment of diseases peculiar to women and for the maintenance of a Lying-In Hospital."

Its first site was at Madison Avenue and 29th Street, where a building was rented, equipped for forty patients and opened on May 4, 1855.

Twelve years later a building to accommodate seventy-five patients and the necessary staff of officers and nurses was built on land granted by the City, bounded by Park and Lexington Avenues and 49th and 50th Streets, and was opened for patients on October 12, 1867. A second building similar to the first was added in 1877 providing increased accommodations for patients and improved facilities for surgical work and investigation.

On the Lexington Avenue site the work of the hospital was continued for thirty-five years. In 1902 the property was sold and the hospital closed temporarily during the erection of its new building on Cathedral Heights.

The present hospital building was completed and opened for patients on December 5, 1906.

The Nurses' Home, built largely through the generosity of the late Mrs. Morris K. Jesup on land given by the late Mrs. Frederick Ferris Thompson, was completed in December, 1914.

The Thompson Building, built and equipped by the late Mrs. Frederick Ferris Thompson, was officially opened on December 9, 1915. This building provided the hospital with extensive pathological laboratories, ten additional private rooms, two additional operating rooms and accommodations for the Out-Patient and the X-Ray Departments.

The Out-Patient Building and an extension to the X-Ray Department were completed and opened for patients on March 13, 1929.

Present capacity of the hospital: 324 patients.

HOURS OF CLINICS

Gynecological Clinic: Daily, except Sundays and holidays, 9-10 a. m. and 2-3 p. m.

Obstetrical Clinic: Prenatal Clinics for ward patients, Monday, Wednesday, Friday, 9:30 a. m.

Lecture on Antepartum Care to Clinic patients, Friday, 9:30 a. m.

Roentgen Therapy Clinic, Monday, Thursday and Friday, 10:30 a. m.; Tuesday and Wednesday, 1:30 p. m.

Gastroenterological Clinic: Monday, 9 a. m.

Urological Clinic: Tuesday, Thursday, Saturday, 9 a. m.

Orthopedic Clinic: Monday, 3 p. m.

Follow-Up Clinics: Gynecological—Tuesday, 10 a. m.; Wednesday, 3:30 p. m.; Thursday, 10 a. m.

Obstetrical—Thursday, 3:30 p. m.

Pediatric—Monday, 11 a. m.; Tuesday, 2 p. m.

Cancer Follow-Up—Thursday, 10 a. m.

Endocrine Clinic—Saturday, 1:30 p. m.

STAFF CONFERENCES

Wednesdays, 5 p. m.

The Medical Profession is invited to attend.

EIGHTY-FIFTH ANNUAL REPORT OF THE BOARD OF GOVERNORS OF THE WOMAN'S HOSPITAL IN THE STATE OF NEW YORK

The Board of Governors of the Woman's Hospital in the State of New York presents the following reports from the several departments of the Hospital for the year ending December 31, 1940.

During the year 2,913 ward patients were given a total of 43,901 days treatments of which 28,536 days treatment or 65% were free. The receipts from the ward patients amounted to \$92,838.08 while the care of these patients cost the Hospital \$264,298.49.

In the Out-Patient Department 9,978 patients made a total of 40,071 visits in the Clinics. The cost of maintaining this service amounted to \$43,982.65 while the fees collected from patients able to pay amounted to \$20,908.45.

In the Social Service Department 4,263 cases were cared for, including the prenatal care of 905 prospective mothers; 1,400 visits were made to the homes of patients, including 1,176 visits for the surgical and obstetrical follow-ups, and the care of 26 convalescent patients was arranged for with the various convalescent homes.

The net cost of the charitable activities of the Hospital for the year amounted to \$194,534.61.

The total current receipts from earnings, donations and income from investments amounted to \$504,819.42 and the total current expenses to \$556,085.41 leaving an excess of current expenses over current revenue of \$51,265.99.

Comparative statistics for the year 1940 and 1939 will be found in the Report of the Treasurer on page 16.

The principal needs of the Hospital are:

Larger General Endowment

Funds for Scientific Research

Endowment of \$10,000 for the Surgical Library and Record Room

Funds for Emergency Treatments for Needy Cases.

The Board announces with deep sorrow the death of Mr. George Gibbs on May 19, 1940. Appointed a member of the Board in 1918, Mr. Gibbs served as Chairman of the Executive Committee, Chairman of the Committee on Care of Buildings and Repairs and was appointed Vice-President of the Hospital in 1928, which office he held until his death. Mr. Gibbs always showed a keen interest in the work of the Hospital and rendered invaluable service as consultant on all engineering and building problems. He will be greatly missed by his fellow workers in the Hospital.

Mr. Luke V. Lockwood was elected Vice-President to fill the vacancy caused by the death of Mr. Gibbs, and Mr. Frederic Rhineland King the Chairman of the Executive Committee.

In December, the Board reluctantly accepted the resignation of Mr. George W. Davison from its number. Appointed to the Board in 1922

and Treasurer of the Hospital the same year, Mr. Davison was an active member of the Finance Committee until 1934 when he found it necessary to resign this office.

Government duties have already claimed two members of our Board—Mr. William A. Read, our Treasurer, who was called to Washington in October to serve as Lieutenant Commander with the Bureau of Aeronautics of the U. S. Navy Department and Mr. Gavin Hadden who has requested leave of absence from the Hospital Board while doing war work in Washington.

The Board acknowledges with grateful thanks the many donations the Hospital has received during the past year, including the following legacies:

Estate of Andrew J. Robertson, Esq.	\$5,937.66
Estate of George Gibbs, Esq.	15,000.00
Estate of Amalia F. Morse	5,000.00

and also wishes to record its appreciation of the faithful and efficient services rendered by the Surgical, Executive and Nursing Departments.

FINLEY J. SHEPARD,
Secretary.

GRENVILLE LINDALL WINTHROP,
President.

IN MEMORY OF
GEORGE GIBBS

BOARD OF GOVERNORS 1918-1940

VICE-PRESIDENT 1928-1940

DIED MAY 19, 1940

From the Minutes of the Meeting of the Board of Governors of the Woman's Hospital in the State of New York, held May 20, 1940.

Resolved, That the Board of Governors of the Woman's Hospital in the State of New York does hereby record its deep sense of loss in the death on May 19th of Mr. George Gibbs, fellow Governor and Vice-President.

First elected to the Board in 1919 and continuously a member thereafter, Mr. Gibbs also served as Chairman of its important Committee on Care of Buildings and Repairs, as Chairman of the Executive Committee and as Vice-President. An engineer by profession, Mr. Gibbs brought to the Hospital talents of unusual assistance in the adequate utilization and upkeep of its physical plant. His indefatigable energy and enthusiasm vanquished obstacles and his meticulous care brooked no imperfections. Wherefore, his fellow Governors pay highest tribute to his memory, and be it

Resolved further, That this Resolution be spread upon the minutes and a copy forwarded to Mr. Gibbs' family.

FINLEY J. SHEPARD,
Secretary.

REPORT OF THE TREASURER

ACCOUNTANTS' CERTIFICATE

We have examined the balance sheet of Woman's Hospital in the State of New York as of December 31, 1940, and the statements of income and expenses, deficit, and changes in fund reserves for the year ended that date, have reviewed the system of internal control and the accounting procedures of the Hospital, and have examined and tested its accounting records and other supporting evidence by methods and to the extent we deemed appropriate.

We did not review the provisions of legacies or the observance of such provisions.

In our opinion, subject to the provisions of preceding paragraph, the accompanying balance sheet and related statements of income and expenses, deficit, and changes in fund reserves, with the footnotes thereon, fairly present the financial condition of the Hospital at December 31, 1940, and the results of its operations for the year ended that date, in conformity with generally accepted accounting principles, except that depreciation has not been provided on the Hospital buildings and equipment and on real estate held for investments, applied by the Hospital on a basis consistent with that of the preceding year.

New York, March 11, 1941.

HASKINS AND SELLS.

REPORT OF THE SUPERINTENDENT

TO THE BOARD OF GOVERNORS:

Ladies and Gentlemen:

I have the honor to present herewith the Report of the Superintendent for the year 1940.

During the year service was rendered to a total of 15,926 individuals of which 5,948 were in-patients who received a total of 82,063 days care in the wards, semi-private and private rooms and nurseries, and 9,978 were out-patients who made a total of 40,071 visits to the Out-Patient Department. Births totaled 1,838 which included 30 pairs of twins and one set of triplets.

The Social Service Department cared for 4,263 cases and made a total of 30,207 ward, clinic, office and home visits.

A comparison of the service rendered during the past year and that of the preceding year shows an increase of 118 in the number of in-patients cared for and a net increase of 605 in total patient days care. Excluding personnel days there was an increase of 1,519 in private days care, a decrease of 1,127 in semi-private days care, an increase of 412 in ward days care and a decrease of 1,594 in Out-Patient visits.

The Report of the Treasurer shows an increase of \$21,903.96 in Hospital Earnings, \$3,804.77 of which represents a partial refund by the Associated Hospital Service of the Reduction in rates paid for care of their members in 1939. There was a decrease in donations from all sources of \$8,426.84; a decrease in income from investments of \$8,120.15 and a net increase of \$5,271.94 in Total Current Revenue, which amounted to \$504,819.42 for the year. Total Current Expenses amounted to \$556,085.41 with a resultant excess of Current Expenses over Current Revenue of \$51,265.99.

Average per capita costs for the year were as follows:

Private and Semi-Private Adults per day	\$8.85
Private and Semi-Private Infants per day	2.21
Ward Adults per day	7.58
Ward Infants per day	1.90
Out-Patients per visit	1.09

More detailed information regarding costs and the work accomplished may be found in the Report of the Board of Governors, in the departmental reports and on the statistical pages immediately preceding this report.

During the year the Hospital cared for 588 indigent public charges at a cost of \$50,117.92. The payments made by the City of New York for the care of these patients amounted to \$15,644.00.

A total of 980 subscribers to the Associated Hospital Service, Inc. and 49 subscribers to other hospital service plans were admitted during the year.

REPORT OF THE SUPERINTENDENT

The Babies' Alumni added 563 new members to its rolls and contributed \$2,126.00 from its funds towards the cost of free care given in our maternity wards during the year. Since its founding in 1921, a total of 11,098 babies have joined the Alumni.

Improvements and replacements made during the year include the following:

New Intermediate Therapy, Radiographic and Fluoroscopic shock-proof X-Ray equipment at a cost of \$9,272.00.

A combination Washing and Sterilizing Machine for infant bottles and also one for glass and silverware.

New steel cars for electric dumbwaiters.

8 sets of Utensil Carriers for ward and private service.

Laying asphalt tile flooring in 2 wards—D and F.

Removal of seven iron balconies from the north and south fronts of the Hospital.

All necessary repairs to Power Plant and Surgical Equipment and the usual amount of painting, refurnishing and renovating were done to keep the Hospital in efficient operating condition.

Many improvements were made possible by appropriations made by the Assistant Board from their Special Fund. A complete list of these may be found on page 25.

The Superintendent and Record Librarian attended the Annual Meeting of the Hospital Association of New York State at Buffalo in May and the latter attended the Meeting of the American College of Surgeons at Chicago in October. The Superintendent also attended the meeting of the American Hospital Association at Boston in September.

Our membership in the Hospital Bureau of Standards and Supplies, Inc., continues to be of great value in the purchasing of much of the supplies and equipment needed by the Hospital.

We much regretted the resignation on September 30th, on account of ill health, of Miss Madge Butler who for over eleven years held the position of Second Assistant Superintendent with marked ability. I wish also to record the retirement on August 31st, of Miss Marie J. V. Wundram after twenty-two years of faithful and efficient service as Supply Clerk.

Thanks are due my Assistants, all Department Heads and the Personnel in general for their coöperation and faithful service and I thank your Board for your continued support.

Respectfully submitted,

JAMES U. NORRIS,
Superintendent.

REPORT OF THE CHIEF SURGEON

TO THE BOARD OF GOVERNORS:

Ladies and Gentlemen:

I have the honor of presenting the Annual Report of the Surgical Department for the year 1940.

During the past year there have been 1,852 admissions to the ward and private gynecologic services. One thousand six hundred and sixty-seven gynecologic operations were done with a mortality rate of 0.84% as compared to an average mortality rate of 1.37% for the past ten years.

In 1940 we delivered 1,828 patients without a maternal death on our ward obstetric service. Unfortunately, we lost two mothers among the private patients delivered. Our uncorrected infant mortality rate, including all deaths of premature babies, was 3.77% as compared to 3.79% for the past ten years.

On April 9, 1940, the Surgical Staff held an operative clinic as a part of the program for the Annual Joint Meeting of the New York, Boston and Philadelphia Obstetrical Societies. On October 9, 1940, the Woman's Hospital Staff coöperated with that of St. Luke's Hospital in presenting an all-day program for a meeting of the First District Branch of the New York State Medical Society. About 500 physicians attended the clinics held at the two hospitals. On October 18, 1940, the Woman's Hospital's regular and consulting staffs participated in the program of the Annual Graduate Fortnight of the New York Academy of Medicine, with an afternoon clinic. Modern treatment of various obstetric and gynecologic conditions and complications was discussed. All our clinics were well attended and the increasing interest which physicians manifest in this type of postgraduate instruction is most gratifying.

STAFF CONFERENCES

Weekly Staff Conferences were held from October first to June first. During the summer months, casualty reports were filed every week in the Chief Surgeon's office. Since 1918 stenographic records of reports presented at these Conferences, have been bound and placed on file. In 1940, the average attendance was 41 and we had a total of 202 visitors during the year. The weekly Staff Conference provides a means for carefully checking the results of work in all departments. At every Conference a demonstration of interesting pathological specimens is given by the Pathologists, and a part of the hour is devoted to case reports or short talks by members of the Attending and Resident Staffs, or visitors who have been invited to address the Conference.

RESIDENT STAFF AND TEACHING

During the past year, members of the Surgical Staff have taken advantage of every opportunity to improve our program for postgraduate training of residents and nurses. The schedule for routine work of the

REPORT OF THE CHIEF SURGEON

hospital has been arranged so as to interfere as little as possible with regular lectures and clinical demonstrations which are given by members of the Surgical and Consulting Staffs and which the Residents are required to attend. Residents are also given regular instruction in urology and pathology and are allowed to do a considerable amount of operative work under careful supervision.

In order to provide suitable specialty training, it has been necessary to give our Residents a full schedule of duties during their regular two-year term of service. For this reason it has been difficult for them to take advantage of our affiliation with Columbia University which allows the Residents the opportunity to work for the advanced degree of Doctor of Medical Science while they are on our Staff.

The health of our Residents is protected by routine physical examinations, week-ends off duty and adequate periods of vacation.

Members of the Surgical, Consulting and Resident Staffs give regular lectures as a part of the postgraduate course of instruction for nurses.

During the coming year, some difficulties may be encountered in meeting changes in personnel which will probably occur as physicians are called to duty under provisions of the Selective Service Draft and the Reserve Medical Corps of the Army and Navy.

SURGICAL LIBRARY

The Surgical Staff would again like to express its appreciation to Doctor Davies for his continued interest in supervising the Surgical Library. Subscriptions to eight of the leading medical journals were renewed. Four new textbooks were added to the library.

RADIUM

During the year 1940, 145 cases were treated with radium making a total of 3,966 cases since radium was made available in 1919. In order to satisfy the increasing demand for this form of therapy and to prevent any delay in treating patients as soon as they are admitted, an additional one hundred milligrams of radium is needed.

In 1940, the Woman's Hospital was again selected as one of the two American institutions which were invited to publish their results of treatment of gynecologic cancer in the 1940 League of Nations report.

The following is a summary of activities in the various departments during the year ending December 31, 1940:

GYNECOLOGICAL DEPARTMENT

	<i>Total</i>	<i>Mortality Rate Per Cent</i>
Number of patients discharged	1,844	0.92
Number of ward patients discharged	1,027	0.88
Number of gynecologic operations	1,667	0.84
Number of gynecological operations on ward patients	936	0.96

REPORT OF THE CHIEF SURGEON

OBSTETRICAL DEPARTMENT

	<i>Total</i>	<i>Maternal Mortality Per Cent</i>
Total patients discharged (women)	2,047	0.10
Ward patients discharged (women)	953	0.0
Total patients delivered, viable births	1,828	0.11
Ward patients delivered, viable births	832	0.0

	<i>Total</i>	<i>Fetal Mortality Per Cent</i>
Total viable babies delivered	1,818	1.87
Ward viable babies delivered	827	2.30

OUT-PATIENT DEPARTMENT

The following statistics are sufficient to show the volume and importance of work done in the gynecologic, obstetric and special clinics of this Department:

	<i>1940</i>
Number of patients treated	34,037
Number of visits	40,071

During a part of every year the Chiefs of the Out-Patient Department Clinics are assigned to indoor duty on the regular gynecologic and obstetric services.

PATHOLOGICAL DEPARTMENT

With the development of reliable new laboratory methods which are used as aids to diagnosis and checks on treatment, the Surgical Staff finds itself increasingly dependent upon results of work in this department. During 1940, 43,094 clinical and pathological examinations were made.

Work in the laboratory has been efficiently carried on under the direction of our pathologists, Doctors Stohr and Motyloff. Doctor Motyloff's position has been advanced from that of an associate pathologist to pathologist.

In this department, our Residents are given regular instruction in gross pathology and diagnostic laboratory methods. At regular scheduled hours Doctor Motyloff also conducts a course in microscopical pathology for benefit of our Residents.

ROENTGENOLOGIC DEPARTMENT

Statistics show that the demand for treatment of benign and malignant gynecologic conditions is increasing every year. The value of roentgen diagnostic studies to determine the safest method for management of certain obstetric problems is also rapidly gaining recognition. Use of this procedure is reducing the hazards of labor and delivery for many of our mothers and their babies. Doctor James P. Marr has coöperated with our roentgenologist in carrying out this type of work. We are grateful to Doctor Marr for his donation to the hospital of twenty-five

REPORT OF THE CHIEF SURGEON

drawings of the pelvis to be used in teaching our Residents the details of this diagnostic procedure.

During the past year, some of the apparatus in this department was replaced with new equipment. Facilities for housing the department were extended and improved and modern shockproofing of all diagnostic and therapeutic apparatus was completed.

Installation of the necessary new equipment and modern safety devices was made possible through the generosity of the Board of Governors and Mrs. George B. deLong who contributed \$5,000.00 toward this project.

A summary of the year's work is as follows:

	<i>Number</i>
Patients referred for diagnosis	920
Patients referred for roentgen therapy	201
Patients treated for malignant disease	81
High voltage treatments	1,647
Medium and superficial treatments	392
Total number of treatments given	2,039
Total number of patients examined or treated	1,121

PEDIATRIC DEPARTMENT

Through the efforts and interest of our pediatricians and the Nursing Department, the newborn infants continue to receive expert attention. Within the past year, much thought has been given to perfecting our routine for the care of premature babies and our results show definite improvement. In order to facilitate the continued care of infants after their discharge from the hospital another Follow-Up Pediatric Clinic has been established.

Of the infants born in 1940, 786 were cared for in our follow-up clinics. The total number of visits was 1,256.

RECORD DEPARTMENT

The high standard of efficiency established in this Department has been maintained. In 1940, 23,950 clinical charts and abstracts on file, were consulted for data regarding patients under treatment or for use in making research studies. Data on all case histories for the year has been cross-indexed and the charts have been approved and filed. As has been the custom for the past fifteen years, end results of treatment of all patients have been audited by Merwin-Davis statisticians. A detailed analysis of the results of treatment obtained by individual members of the Staff as well as a summary of results achieved by the entire staff have been completed.

During the past year, Miss Ellen G. Cardwell, our Record Librarian, served as Chairman of the Commercial Exhibits Committee for the Annual Meeting of the American Association of Medical Record Librarians. At the 1940 meeting she was made President-Elect of the New York State Association of Medical Record Librarians and was also appointed to serve on the Committee for Revision of the By-laws of the American Association of Medical Record Librarians.

REPORT OF THE CHIEF SURGEON

ANESTHESIA DEPARTMENT

During 1940, the nurse and visiting anesthetists administered 3,584 anesthetics to our obstetric and gynecologic patients. In 1938, five modern anesthetic machines were purchased for use in this department. Installation of these new machines resulted in such a remarkable saving in amounts and cost of anesthetic agents that it was decided in 1940 to complete the replacement of all old equipment. Another anesthetic machine was purchased.

NURSING DEPARTMENT

During the past year numerous changes in the personnel and organization of this department have occurred. Much time and thought have been devoted to improving the nursing care of our patients and to perfecting the postgraduate courses of instruction in gynecologic and obstetric nursing procedures and techniques. Many of our nursing procedures have been revised and simplified.

During the year, it was decided to discontinue the Special Nurses' Registry at the hospital and to arrange to meet the demand for special nurses by an affiliation with one of the commercial registries.

Miss Maude Ericson was made Director of Instruction to fill the vacancy created by the resignation of Miss Ella M. Rafuse.

The Board of Governors has approved a regulation requiring all student and staff nurses, and ward helpers to submit to annual physical examinations in order to protect their health.

SOCIAL SERVICE DEPARTMENT

As a result of existing economic conditions, many of our clinic patients would find it difficult or impossible to arrange for the treatments or operations that they need without the advice and assistance of this department. We are indebted to the Director of the Social Service Department and her Assistants for their untiring efforts in helping these patients and in maintaining an excellent record of attendance in all our gynecologic and obstetric follow-up clinics.

Miss Lillian Thom was appointed to fill the vacancy created by the resignation of Miss Lillian Guberman, a member of the Social Service Staff.

SPECIAL CLINICS DEPARTMENT

Through the personnel in charge of our Special Clinics, expert advice as to diagnosis and treatment is made readily available to many Out-patient Department and ward patients.

UROLOGIC CLINIC

The Urologist and his Assistants conduct three Urologic Clinics per week. At these clinics Doctors Hoch and Murphy, Assistant Urologists, give regular instruction in Urology to members of our Resident Staff.

REPORT OF THE CHIEF SURGEON

GASTROENTEROLOGIC CLINIC

During the past year, Doctor John E. Hutton has been in charge of this special clinic. In addition to the routine work of the clinic, Doctor Hutton has been conducting pre-operative gastroenterologic studies of patients suffering with gynecologic cancer.

ORTHOPEDIC CLINIC

A considerable number of gynecologic and obstetric patients have orthopedic conditions and complications which cause suffering and often complicate diagnosis. An Orthopedic Clinic is held once per week, under the direction of Doctor Frederick J. Matthews, for the benefit of patients needing such care. The services of two masseuses are available to assist with the work in this Clinic.

ENDOCRINE CLINIC

As a result of progress in the field of female endocrinology, the work of this Clinic is becoming increasingly important in the treatment of many gynecologic patients. Endocrine products are necessarily expensive and the financial problem involved in providing an adequate supply of such preparations for our Clinic patients is a serious one. We are again indebted to G. W. Carnrick Company for its contribution of endocrine products which has greatly assisted in carrying on this work.

Summary of work in the above Special Clinics is as follows:

	<i>New Cases</i>		<i>Total Visits</i>	
	<i>1940</i>	<i>1939</i>	<i>1940</i>	<i>1939</i>
Urology	178	154	1,291	1,530
Gastroenterology	56	32	303	315
Orthopedics	66	49	434	532
Endocrinology	95	67	1,771	1,197

CHANGES IN THE SURGICAL STAFF

As the result of a revision in the By-laws of the hospital, the titles of certain members of our Attending Staff have been changed. In accordance with these new provisions in the By-laws, we now have three ranks of attending surgeons as follows: Attending Surgeons, Associate Attending Surgeons and Assistant Attending Surgeons.

On April 21, 1940, Doctor Henry Clarke Coe, a member of our Consulting Staff died at Washington, D. C., at 79 years of age. During his professional career, he had served on our staff in the following capacities: Interne 1882, Junior Attending Surgeon 1889 to 1897 and Consulting Surgeon from 1907 until the time of his death.

Through his contributions to gynecology, Doctor Coe attained an international reputation. During the World War he had important assignments of duty as a Colonel in the Medical Corps of the American Expeditionary Forces. In recognition of the distinguished service which he had rendered to his country, Doctor Coe was buried with full military honors in Arlington Cemetery.

REPORT OF THE CHIEF SURGEON

Appointments:

Dr. Milton M. Ehrlich, Clinical Assistant.
Dr. C. V. Johnston-King, Clinical Assistant.

Resignations:

Dr. Grace V. Gorham, Clinical Assistant.
Dr. Coda Martin, Clinical Assistant.

Upon the satisfactory completion of their services the following members of the Resident Staff were granted diplomas: John W. Carnwath, M.D., Robert P. McDonald, M.D., Clifford F. Ryder, M.D., and Donald Z. Rhoads, M.D.

RESEARCH AND SCIENTIFIC CONTRIBUTIONS

Dr. Ward:

"Benign Gynecologic Hemorrhages." Read before the Eastern Medical Society of the City of New York.

"Recent Advances in Gynecology," Friday afternoon Lecture at The New York Academy of Medicine, New York City, February, 1940.
Read also before the Passaic County Medical Society, New Jersey.
Discussion on "Carcinoma of the Cervix After Supravaginal Hysterectomy." American Gynecological Society, Quebec, Canada.

"Pelvic Infections as a Contraindication to Radiation Therapy for Benign and Malignant Neoplasms of the Uterus." Academy of Medicine Annual Graduate Fortnight, New York.

Address given at the dinner in honor of Doctor Harry S. Crossen at the presentation of his portrait to Washington University School of Medicine, St. Louis, Mo.

"Cancer of the Cervix Following Supravaginal Hysterectomy." Read before the St. Louis Obstetrical and Gynecological Society, St. Louis, Mo.

Lecture on "Mechanism of Labor" to the students of the University of Pennsylvania Medical School, Philadelphia, Pa.

"Radium Therapy in Gynecology." Published in the *American Journal of Obstetrics and Gynecology*, July, 1940.

"Benign Gynecologic Hemorrhages." Published in the *Journal of the American Medical Association*, November 9, 1940.

Lectures on Gynecology and Obstetrics to the Resident Staff of the Woman's Hospital.

Dr. Aldridge:

Address at the Organization Meeting of the Westchester County Obstetrical and Gynecological Society, February 13, 1940.

"Retrodisplacement of the Uterus in Relation to Pregnancy." Presented at a regular meeting of the Chicago Gynecological Society. Published in the *American Journal of Obstetrics and Gynecology*, September, 1940.

REPORT OF THE CHIEF SURGEON

“Management of Patients with Respiratory Infections during Labor.”

Presented at a clinic for the Graduate Fortnight of the New York Academy of Medicine, October 18, 1940.

“Treatment of Non-specific Acute and Chronic Salpingitis.” Presented at a clinic for the Graduate Fortnight of the New York Academy of Medicine, October 18, 1940.

“Sterility, Diagnosis of Causes and Treatment.” Read before the Yonkers Academy of Medicine, February 21, 1940.

Dr. Hurd:

“Some Observations on Endometriosis.” Given before the New York Obstetric Society, May 14, 1940.

Discourse on “Hemorrhages of Pregnancy” before the Staff of the Good Samaritan Hospital, Suffern, New York, December 17, 1940.

Dr. Murphy:

“Urologic Complications in Gynecology.” Published in the *New York State Journal of Medicine*, April, 1940.

“Management of Urological Complications Following Hysterectomy.” Published in *Surgical Clinics of North America* (New York Number).

Dr. Sackett:

Publication of chapter, “Surgical Treatment of Cancer of Corpus Uteri.” Pack & Livingston—Treatment of Cancer and Allied Diseases, January, 1940.

“Cul-de-sac Hernia.” Read at Symposium on Prolapse before the American College of Surgeons in Chicago, October, 1940.

“Cervical Dystocia.” Read before the Richmond Academy of Medicine, November 12, 1940.

Dr. Kennedy:

“Urinary Incontinence Relieved by Restoration and Maintenance of the Normal Position of the Urethra.” Read at the Meeting of the New Jersey Medical Society, June 4, 1940, Atlantic City, New Jersey. Published in the *American Journal of Obstetrics and Gynecology*, January, 1941.

Dr. Bullard:

Address on “Contemporary Progress in Obstetrics and Gynecology.” Delivered to the Staff of Horton Memorial Hospital, Middletown, N. Y., June, 1940.

Dr. Davies:

Research: “Rectocele—Its Pathological Anatomy.”

“Stress Urinary Incontinence, Its Relation to Laceration of the Pelvic Floor.” Presented to the New York Obstetrical Society.

Dr. Parks:

“Sims Speculum” (correspondence). Published April 27, 1940, *Journal of the American Medical Association*.

REPORT OF THE CHIEF SURGEON

Dr. Marr:

"The Historical Background of the Treatment of Placenta Praevia." Published in the *Institute of History*, Johns Hopkins Hospital, Baltimore, Maryland.

Dr. Stohr:

"Granulosa Cell Tumor of Ovary Coinciding with Carcinoma of the Uterus." (To be published.)

Dr. McIntosh:

"Pelvic Actinomycosis Treated by Surgery and Roentgen Ray." Presented at Meeting of the New York Roentgen Ray Society, April 15, 1940. (To be published.)

Dr. Mishell:

"Treatment of Senile Vulvovaginitis with Estrogenic Ointment." Published in the *American Journal of Obstetrics and Gynecology*, May, 1940. (With Dr. Motyloff.)

"The Effect of Hysterectomy Upon the Ovary of Rabbits" (with reference to a possible hormonal action of the endometrium upon the ovary). (With Dr. Motyloff.) Published in the *Journal of Endocrinology*.

"Clinical Use of Estrone and Progesterone by Pellet Implantation." (With Dr. Motyloff.) In publication in the *Journal of Obstetrics and Gynecology*. Read before the Monmouth Memorial Hospital Staff, December, 1940.

Dr. Motyloff:

Research: "Effect of Hysterectomy Upon the Ovaries of Macacus Rhesus." (With Dr. Mishell.)

"Continuous Administration of Estrone (pellets) Upon Histological Structure of Endometrium." (With Dr. Mishell.)

"Clinical Value of Estrone and Progesterone (pellet) Implantation." (With Dr. Mishell.)

Discussion of the paper "Masculinizing Tumor of the Ovary—Arrhenoblastoma," by Dr. S. M. Boltuch at the New York Academy of Medicine, November 28, 1939.

NEW EQUIPMENT

During the past year the following improvements and additions have been made to our Surgical equipment:

1. Replacement of a part of our roentgen equipment with modern apparatus. Completion of shockproofing of all diagnostic and therapeutic roentgen equipment.

2. Laryngoscope and intratracheal catheters for use in the Anesthesia Department.

3. Two proctoscopes and a lighting unit for the Gastroenterologic Clinic.

REPORT OF THE CHIEF SURGEON

4. Installation of modern scrub-up basins in the Sims' operating room.
5. A new modern anesthesia machine to complete the replacement of all old anesthesia equipment.

NEEDS OF THE SURGICAL DEPARTMENT

In order that our patients may be given the high quality of medical care which we aim to provide for them, our surgical equipment and facilities must be constantly improved and made to conform to accepted modern standards.

In the treatment of gynecologic and obstetric patients, no form of therapy is more frequently or urgently needed than blood transfusions. Occasionally when a suitable donor cannot be found among a patient's relatives or friends, a professional donor must be paid approximately \$50.00. In the Guggenheim Transfusion Fund we now have \$1,930.75. Donations to this fund are earnestly requested to be certain that our patients may have the benefit of this life-saving measure whenever needed.

In order that there shall be no delay in treating patients with radium as soon as they are admitted, an additional 100 milligrams is needed. The cost of this additional amount of radium is approximately \$3,000.00.

The demand for show clinics to demonstrate our methods of treatment and operative techniques increases from year to year. As soon as funds can be provided the seating arrangement for visitors in the Sims Operating Room should be improved in order to accommodate the physicians who attend and are eager for postgraduate instruction.

Satisfactory incubators for premature infants are now available in nearly every modern obstetric newborn infant nursery. Two such incubators are needed to meet the demands for care of our premature babies.

I welcome this opportunity to convey to the Board of Governors the gratitude of the Surgical Staff for its generosity in helping us to maintain a high standard of efficiency in the care of our patients.

I am grateful to the Superintendent and his Staff and the Nursing Department for their continued assistance and coöperation.

It also gives me pleasure to acknowledge the generous and kind coöperation which I have received from every member of the Surgical Staff and especially from members of the Surgical Board.

Respectfully submitted,

ALBERT H. ALDRIDGE,
Chief Surgeon.

REPORT OF THE CHIEF SURGEON

REPORT OF THE FOLLOW-UP JANUARY 1, 1940, TO JANUARY 1, 1941

GYNECOLOGY

During the year 2,244 patients have been under observation in the Follow-Up Clinics. The total number of visits to these clinics was 4,257. The response of patients to requests that they return for examination and advice after hospitalization for treatments or operations is as follows:

Satisfactory	79.77%
Partially satisfactory	10.96%
Failed to return	9.27%

On the basis of physical findings and success in relieving preoperative symptoms, the cases examined were classified as follows:

Satisfactory	70.64%
Partially satisfactory	7.45%
Failures	1.22%
Undetermined	11.79%
Unfinished	1.78%
No operation	7.12%

Six hundred and twenty-one patients were permanently discharged out of the Follow-Up Clinic and classified as follows:

Satisfactory	603
Partially satisfactory	17
Failures	1

Attendance at the Follow-Up Clinics has been well maintained by the work of the Social Service Department. In order to encourage delinquent patients to come for examination 697 home visits were made and 698 letters were sent out.

OBSTETRICS

Obstetrical patients return for follow-up examinations six weeks after delivery and as frequently and as long thereafter as seems necessary. In 1940, 861 patients made 1,103 visits to the Obstetrical Follow-Up Clinic. Seven hundred and sixty of these patients were permanently discharged with the following classification:

	<i>Number</i>	<i>Percent</i>
Satisfactory	486	63.95
Unsatisfactory	76	10.
Unchanged	198	26.05

Of the patients delivered in 1940, 103 failed to return for examination, and 43 returned for one or more examinations but failed to report for final discharge.

The Social Service Department made 469 home visits and sent 207 letters to delinquent follow-up obstetrical patients.

REPORT OF THE PERSONNEL PHYSICIAN

TO THE SUPERINTENDENT:

Sir:

As Personnel Physician, I have the pleasure to submit the Annual Report for the year 1940.

During the past year, 1,084 visits or treatments were made. Two hundred and eighty-three persons reported an illness of some nature. This was a decrease of one hundred and twenty under the previous year. Eighty-nine individuals reported injuries to themselves while on duty. Of this number only seven were reported to the State Insurance Commission. There were one hundred and six complete physical examinations done on the new employees of all the hospital departments and the student nurses admitted to the Post-Graduate School. The Wassermann test was performed on all employees whose work involved them in the handling of food, all new staff nurses, student nurses and the resident physicians.

The general health of the hospital personnel was quite satisfactory. There were only 257 hospital bed days, a decrease of 147 under that for 1939. The number of injuries while on duty remained about the same but only 7 were reportable instead of the 19 of the previous year.

As in previous years the "common cold" and "grippe" were the most frequent ailments noted. Gastro-intestinal upsets came next in frequency. There was no serious spread of any infection or an epidemic in the hospital. All individuals who showed any sign of a suspicious disease were at once isolated.

I would like to take this opportunity to express my sincere appreciation for the coöperation of the Nursing Office and the various departments of the hospital with which I came in contact.

The following is a summary of the year's work:

Individuals Examined	478
Health Examinations	106
Individuals Ill	283
Injured Cases	89
Visits	1,084
Patients referred into Hospital	41
Hospital Bed Days	257
Operations (3 major, 11 minor)	14
Surgical Dressings	45
Days Off Duty	1,772
Patients referred to other Clinics	15
Consultations	29
X-ray Diagnoses	254
Blood Counts	60
Urine Examinations	105
Cultures Examined	85
Vaccine inoculations	1
Basal Metabolism Determinations	12
Wassermann Tests	130

Respectfully submitted,

DUDLEIGH C. STONE, M.D.,
Personnel Physician.

REPORT OF THE NURSING DEPARTMENT

To THE BOARD OF GOVERNORS:

Ladies and Gentlemen:

I have the honor to submit to you the annual report of the Nursing Department.

The Nursing Staff as of December 31, 1940, is as follows:

Director of Nursing	1	Supervisors of Wards and Private	
Assistant Director of Nursing....	1	Floors	5
Director of Instruction	1	Head Nurses	15
Operating Room Supervisor	1	Senior Nurses	4
Assistant Operating Room Super-		Suture Nurses	4
visor	1	Registrar	1
Night Supervisor	1	Daily average General Staff (net)	95.8
Assistant Night Supervisor	1	Daily average Student Staff (net)	18.4
Supervisor of O. P. D.	1	Daily average Nurse Helpers	
Assistant Supervisor of O. P. D...	1	(net)	17.6

POSTGRADUATE NURSES

Thirty-five students were admitted for postgraduate courses during the year. A large majority of these nurses represent the Eastern and Southern States. Ten of the graduates have remained on our staff.

We have corresponded with various Schools of Nursing in an effort to increase our enrollment for postgraduate study. This has been done in an attempt to offset the depletion of nurses which will follow the active campaign conducted by the American Red Cross for nurses in the Army and Navy Service.

HEALTH PROGRAM

It has been a routine procedure to conduct physical examinations on all postgraduate students within two weeks after their arrival. During the year this courtesy was extended to the entire nursing staff. Each member is required to submit to an annual physical examination under the direction of the Personnel Physician. The health examination consists of a general physical check-up, roentgen studies of the lungs, urinalysis and blood examinations.

ACTIVITIES

During the past year we have attempted to broaden the experiences of our nurses by an educational and recreational program. In part, it consisted of:

1. Lecture on "Vitamins and Their Uses," by the United States Vitamin Corporation.
2. "Control of Narcotics," by a representative of the Federal Government.
3. "Oxygen Therapy," by Scully Walton.

REPORT OF THE NURSING DEPARTMENT

4. A lecture and demonstration on "The Manufacture and Care of Thermometers, Hypodermic Needles and Syringes," by Becton, Dickinson and Company.
5. Colored motion pictures of San Domingo were shown by Dr. Jerome Schweitzer, Special Consultant in Dental Surgery.
6. Colored moving pictures of Mexico and the Mediterranean were exhibited by Dr. Donald Rhoads, a Resident Physician.

In addition, some of the students were afforded the privilege of hearing Saint Cecelia's Concert through the courtesy of Mrs. William T. Kennedy.

Tickets for Peoples Chorus, Spring and Christmas Festivals given by Mrs. Andrew Carnegie provided much pleasure.

The Tea Dances given by the Assistant Board were a means of diversion from the regular routine and were deeply appreciated by the nurses.

Holiday dances were given as usual during the year.

Classes in dancing and bridge are being conducted. The nurses are very enthusiastic and are deriving considerable enjoyment from them.

CONVENTIONS

The Director of Instruction and Director of Nursing wish to extend their appreciation for the privilege of attending the Biennial Nursing Convention in Philadelphia. It is an inspiration to attend meetings as it offers an opportunity for comparing work done in different institutions.

The New York League of Nursing Education held its annual convention in New York City, many members of our staff attended.

Several of our nurses were present at The Eleventh Annual Safety Convention held at the Hotel Pennsylvania. They discussed the scope and extent of accidents and the important part which the nurse can play in the control of this problem.

RESIGNATIONS AND APPOINTMENTS

Miss Elsie Long, Delivery Room Supervisor, who had been in our employ for six years, resigned to accept a similar position at Georgetown University Hospital. Miss Lula Ruffin was appointed Delivery Room Supervisor. Miss Adele Petraitis, Supervisor of the Private Obstetrical Floor, resigned because of ill health. Miss Esther Chichester, a recent postgraduate student, succeeded her. Mrs. Blanche Noell, formerly Head Nurse on Obstetrics, is now Supervisor of Floor L. Miss Daphne Rolfe who has been on a leave of absence to attend Teachers College, Columbia University, received her Bachelor of Science Degree in Nursing. Miss Rolfe has been appointed Supervisor of Surgical Wards.

REGISTRY

The Nursing Bureau of Manhattan and Bronx, Incorporated, is accepting the registration of the Woman's Hospital Alumnae Association

REPORT OF THE NURSING DEPARTMENT

nurses. The Hospital registry was discontinued on December 31, 1940.

The registry report is as follows:

	1940	1939
Total number days and nights of 12-hour special nursing	5,612	5,389
Total number days and nights of 8-hour special nursing	1,397	1,912

The Nursing Department wishes to take this opportunity to express our appreciation of the confidence placed in us by the Board of Governors, Assistant Board, Committee on Nurses and the Superintendent of the Hospital. Gratitude is extended to our Chief Surgeon, the Attending and House Staffs and the Personnel Physician for their kind coöperation and assistance.

I wish to express my personal thanks to the Nursing Staff for continued loyalty and support.

Respectfully submitted,

GRACE E. HAYCOCK, R.N.,
Director of Nursing.

REPORT OF THE DIRECTOR OF INSTRUCTION

TO THE DIRECTOR OF NURSING:

Madam:

The report of the department for this year includes the months from April 22d through December, the period of my tenure.

The total number of students registered during this period was twenty-nine. A complete statistical report will be found in the Director of Nursing's report.

The aggregate number of class hours for the May and September classes was 322, divided as follows:

- | | |
|------------------------------------|----------------------------|
| I. Anatomy and Physiology (Review) | IV. Gynecological Nursing |
| II. Nursing Procedures | V. Unit Administration |
| III. Obstetric Nursing | VI. Principles of Teaching |

During the student's first week in the school, a Pre-test was given, which covered the above list of courses. This technic served two purposes. First, it revealed to the student her own deficiencies in the basic knowledges of the clinical subjects, and secondly, it served as a guide to the instructor in the formulation of effective teaching plans.

Since the majority of the students who take the postgraduate course are preparing for head nurse or supervisory work, the methods of teaching used are those which probably best meet this need. Less emphasis is placed on the lecture recitation method for the reason that it does not promote activity on the part of the student. Throughout the nursing courses, stress is placed on the development of challenging problems for the group to work on together. Ideas are examined, experiences shared, so that the desired outcomes result in more than a collection of isolated factual material, which has been a complaint of some of the traditional teaching methods.

The educational activities outside of the classroom have included trips to The Lobenstine Clinic for Mid-wifery, Sheffield Farms Dairy, Nursing Headquarters, and the Margaret Sanger Bureau. These visits have proved most beneficial to the students. They are very time-consuming but the results gained have justified continuing them as a part of the students' course. When an organization suggests sending a lecturer in place of a student visit, this method is followed. During the year N. Y. Maternity Center was represented by the assistant director, Miss Anita Jones, and Henry Street Settlement by Miss Margaret Varley, supervisor. These lectures served as a summary of the activities of the respective organizations.

The lecture course given by the doctors continues to be a very satisfactory supplement to nursing classes. Thanks are due to the resident and attending staffs for their continued interest in the nurses, and for giving so generously of their time. The doctors have expressed their appreciation of the change from evening class to afternoon hours for lecturing.

REPORT OF THE DIRECTOR OF INSTRUCTION

Planned social activities of the student group have been held once a month. These have included card parties, games, dancing, swimming parties and other informal entertainment. The hospital has been very generous in serving refreshments for these get-togethers. Many of these students do not have any social contacts in New York, and we feel very strongly that this is a part of the student's program which needs further development.

Several books have been added to the reference library. Most of these were related to the courses Unit Administration and Principles of Teaching. There is still a great need for additional material for these courses as well as for those of the clinical subjects. The *New York Times* has been a newcomer to the Library for which the students are very grateful. Clippings of nursing interest are put on the bulletin board daily.

The recreational library continues to serve its purpose. The borrowers of these books are from all parts of the hospital. Several donations have been made by people outside of the hospital as well as by the nurses. The total number of books at present is 125.

The Board of Governors made it possible for the Director of Instruction to attend the Biennial Convention of the Three National Nursing Organizations, held in Philadelphia in May. The program was based on the theme, "Nursing in a Democracy." The meetings were unusually interesting and inspiring.

In September, 1940, a committee was formed to organize a plan for the evaluation and revision of the Nursing Procedures used in the hospital. This large committee was composed of the Head Nurses and Supervisors; Miss Haycock, Director of Nursing, acting in an advisory capacity.

It was unanimously agreed that work be started in this direction since many of the procedures in practice had not been revised for ten years. The Director of Instruction was made chairman of this project, and Miss Lemons was voted to serve as secretary.

At the first meeting on September 17, the chairman outlined the plan for the necessary revisions under the following headings:

- I. Organization.
- II. Production.
- III. Installation and Operation.

The Stewart Standards were discussed and copies given to the members. These standards were to serve as the criteria for evaluating existing nursing procedures and for the introduction of new procedures.

Chairmen and members were chosen to serve on the various sub-committees. Each of these committees to study a different procedure. These sub-committees held many meetings with the Director of Instruction in an effort to study necessary changes, and the best methods for making these studies. Practice was necessary to try out suggested revisions, and in many instances tests over a period of time were tried.

REPORT OF THE DIRECTOR OF INSTRUCTION

From September 17th to December 31st, ten joint meetings were held. At these meetings the sub-committees presented progress reports, demonstrations, and test results. This method of Nursing Procedure Revision allows a wide participation by the group, in that each member has a voice in the contemplated changes. The nurses concerned with this project represent many schools, hence have a great deal to contribute by sharing their previous experiences relative to revisions.

The Director of Instruction is grateful to this group for their continued enthusiasm in this coöperative enterprise. The progress to date is proof of the sustained interest of the committee members.

Our gratitude is also extended to the Chief Surgeon, Dr. Aldridge, for his coöperation in reading over the procedures before they are put into use. Also for presenting to the Surgical Conference, controversial points relative to change, suggestions, and for gaining permission for trial procedures on the wards.

Dr. Stohr and others in the laboratories have been very helpful in performing bacteriological tests, and in suggesting the best methods for making these tests.

Some of the changes instituted have necessitated work in the hospital machine shop, under the supervision of the committee chairman. Mr. Norris has taken an interest in this work, has helped in designing equipment, and served in an advisory capacity.

The ultimate objectives of the type of work we are carrying on are based on a common purpose; that of administering good quality nursing service, with the least expenditure of time, energy, and equipment. Since the hospital and workers also benefit from these aims, we hope for continued support in this long-term program.

Respectfully submitted,

MAUD ERICSON,
Director of Instruction.

REPORT OF THE SOCIAL SERVICE DEPARTMENT

TO THE BOARD OF GOVERNORS:

Ladies and Gentlemen:

I hereby submit the following report of the Social Service Department for the year ending December 31, 1940:

We have had several unusual cases during the past year, both in the surgical and obstetrical departments. The surgical problems presented by the patients have been fairly easy to adjust, but each one has required several interviews with the patient concerned, as well as with the different organizations in the city. The problems arising with obstetrical patients have not been so easily settled. We have had many more unmarried mothers coming to our clinic asking for a type of assistance which we are not able to give. A great deal of time was spent on three cases particularly, in an effort to make them understand that we could not help in the solution of their problems in just the way they had decided upon. They were eventually referred to an organization which would take care of them, as in any case two of them were residents of another state. The others are being taken care of here, with the assistance of three organizations in the long-range planning necessary before and after the arrival of the babies.

I am pleased to report that we have received somewhat better coöperation from the Emergency Relief Bureaus for our emergency cases than we have had in previous years. The use of our generous anonymous fund, in conjunction with our social service resources, has enabled us to care for cases needing relief until contact could be established for them with various relief agencies.

All ward patients admitted to the hospital, both surgical and obstetrical, are interviewed by the Social Service Department. In this way, a closer and more complete contact is established by the department, which lays a foundation for further follow-up care.

During the year there were 1,256 visits made by babies born in this hospital to the baby clinics which are held twice weekly. The mothers showed keen interest in the advice given by our excellent pediatricians.

The talks given by the Director of Social Service to the prenatal patients have continued to prove their worth in health education, judging from the results. These talks are on the subjects of diet, exercise and elimination. There is an additional talk given by the nurse in charge of the ward nursery on the proper outfitting of babies and the care of their clothing. This contact is quite valuable to the prospective mothers, in that they know who is going to look after their babies when they enter the hospital. On visiting the homes of the prenatal patients, the obstetrical worker instructs them further along these lines.

The surgical follow-up worker continues to have marked success in her returns on follow-up visits and reports. Her efforts in the cancer work are undiminished and have brought excellent results.

REPORT OF THE SOCIAL SERVICE DEPARTMENT

The intensified work which the preoperative worker has been able to do with the gynecological clinic patients has been quite a success, viewed from the standpoint of the welfare of the patients who required hospitalization. In many cases she has followed up her office interviews with home visits, by which procedure she has been able to note home conditions and other factors which have bearing on the patient's admission to the hospital. Also, in helping to eliminate worries about circumstances at home, a speedier recovery is facilitated. In order to assist the preoperative worker in the follow-up of these patients it was necessary to employ a part-time clerical worker.

We have continued our long-established contact with the postgraduate student nurses of the hospital. The Director of Social Service gives an hour's talk to each new class on the principles of social service and the practical case work arising on the wards. The students have their field work with the surgical and obstetrical workers, and during their out-patient clinic training they are instructed in the methods used in the services rendered by the Social Service Department for the out-patients.

We have had full coöperation in the adjustment of our problems from the many organizations in the city, and we are greatly appreciative of the assistance given by these agencies.

FRESH AIR WORK

The *Tribune* Fresh Air Fund again assisted us in the care of some of the children of our poor patients. Their coöperation and material aid to our very needy children has proved of value in the health conditions of these youngsters. Some were given six or eight-week vacations instead of the usual two, and in that way they were helped in attaining a normal health status. I fully appreciate the kindness and courtesy extended to me by the entire personnel of the *Tribune* Fresh Air Fund. This coöperation made my work easier in this particular field.

CHRISTMAS ACTIVITIES

Our annual Christmas party achieved its usual success, judging from the expressions of all those who witnessed the festivities. A Punch and Judy show and an exhibition of sleight-of-hand tricks opened the performance. This was followed by the rendition of Christmas carols by the choristers from the Cathedral of St. John the Divine, under the direction of Mr. Norman Coke-Jephcott. The party concluded with the arrival of Santa Claus, ably impersonated by one of our surgeons, who distributed well-filled stockings containing food, clothing, toys and shoes to the 88 children and 35 adults who were present.

PERSONNEL

At the present time our department consists of four salaried full-time workers, a secretary and a part-time clerical worker.

The Director supervises the handling of all problem cases, in addition to her executive duties, and gives the prenatal lectures.

REPORT OF THE SOCIAL SERVICE DEPARTMENT

The Surgical Follow-up Worker instructs every postoperative case regarding clinic attendance, brings back delinquent patients to the follow-up clinics, and superintends the cancer work.

The Prenatal-Postnatal Worker has charge of every prospective mother from the time of her admission to the prenatal clinic until her discharge from the postnatal clinic.

The Preoperative Worker interviews all patients referred from the gynecological clinic for hospitalization in the wards.

The Secretary keeps the records of all social service cases, and attends to the clerical duties of the office.

The Part-time Clerical Worker assists the preoperative worker in her follow-up duties.

The following is the statistical report of the year:

SOCIAL SERVICE GENERAL

New cases	1,429
Reopened cases	188
Cases carried over	697
Ward visits	3,205
Home visits	1,028
Clinic visits	2,091
Office visits	3,538
Reports to agencies	506
Referred for convalescent care	26
Referred to nurseries	152
Referred to other clinics	1,008
Referred for surgical supplies	186
Referred to private doctors	182
Magazines distributed in wards	627
Registered with Social Service Exchange	284

FOLLOW-UP

(Gynecological)

Referred to clinic from wards	1,057
Referred for follow-up and report	1,429
Home visits	679
Returned to clinic through Social Service	1,340
Clinic sessions attended by worker	152
Referred to permanent homes	10

(Obstetrical)

Referred to clinic from wards	906
Referred for follow-up and report	312
Home visits	497
Returned to clinic through Social Service	1,127
Clinic sessions attended by worker	104

REPORT OF THE SOCIAL SERVICE DEPARTMENT

TOTAL CASE REPORT

Total number of social service cases	1,617
Total number of prenatal cases	905
Total number of postnatal follow-up cases	312
Total number of gynecological follow-up cases	1,429
Grand Total	4,263
Total number of ward visits	13,012
Total number of clinic visits	11,146
Total number of home visits	1,400
Total number of office visits	4,649
Grand Total	30,207
Total number of cases referred for follow-up	1,741
Total number of cases returned to clinic through Social Service	2,467
Total number of cases referred from ward to follow-up clinics.	1,963

Mrs. Sally Witt	Miss Margaret Wohlers

Our heartfelt thanks goes to the above for their generous contributions of money, clothing, toys, reading material, et cetera, which have given great pleasure to the patients and have aided us considerably in our work.

The Social Service Department wishes to express its grateful thanks for the willing and hearty support given by the Committee on Social Service, the Superintendent, the Chief Surgeon and the Director of Nursing.

We appreciate to the fullest extent the excellent coöperation of our doctors and nurses, and wish to thank them for their activities which helped to make our Christmas party a success.

REPORT OF THE SOCIAL SERVICE DEPARTMENT

We acknowledge the loyal coöperation of each department of the hospital in rendering assistance at all times.

My whole-hearted personal thanks is extended to my co-workers for their staunch support and efficient execution of their duties.

Respectfully submitted,

MAE R. BATES, R. N.,
Director of Social Service.

ACT OF INCORPORATION

SEC. 1. Peter Cooper, Benjamin F. Butler, George F. Trimble, Robert B. Minturn and their associates, as hereinafter provided for, shall constitute a body corporate, with power to establish, maintain, and conduct a hospital in the City of New York for the treatment of the diseases peculiar to women, and such other diseases or abnormalities which may be discovered after admission to the hospital, and for the maintenance of a lying-in hospital, which shall be known and designated as the Woman's Hospital in the State of New York.

The following section is part of the Amending Act of April 18, 1888, prior to which date there was a Board of Governors and a Board of Supervisors.

SEC. 2. The property and concerns of said corporation shall be managed by a Board of Governors which shall consist of all the members of the present Board of Governors and of so many of the present Board of Supervisors as will with the present female members of the Board of Governors make thirteen female members. No male Governor other than those who now hold office shall be elected, until the number of male Governors shall be reduced to less than fourteen. From that time the number of Governors shall be twenty-seven, of which fourteen shall be male and thirteen female. The members of the Board of Supervisors to be added to the present members of the Board of Governors, so as to make the number thirteen, shall be nominated to the Board of Governors by the members of the present Board of Supervisors. The said corporation may hold any lands or property which shall be conveyed to it, and may let, lease, mortgage, or sell the same for the purposes aforesaid.

SEC. 3. Benjamin F. Butler, George F. Trimble, Theodore Sedgwick, Robert B. Minturn, E. D. Morgan, William F. Mott, Joseph B. Collins, A. R. Wetmore, Alexander E. Hosack, Thomas B. Stillman, Benjamin R. Winthrop, Stewart Brown, William Birdsall, Peter Cooper, E. C. Benedict, H. J. Raymond, J. D. Wolfe, R. L. Kennedy, John Jacob Astor, H. M. Schieffelin, Mark Spencer, George W. Bradford, John W. Francis, Cyrus Curtiss, Joseph Samson and John C. Green shall constitute the Board of Governors.

SEC. 4. The Governor of the State, the Mayor of the City of New York, the President of the State Medical Society, the President of the New York Academy of Medicine, and the presidents of the following Medical Colleges, namely: the College of Physicians and Surgeons of the City of New York, the Medical Department of the University of New York, the New York Medical College, the Albany Medical College, the Medical Department of the University of Buffalo shall, by virtue of their respective offices, be honorary members of the Board of Governors. Notice of meetings of the Board of Governors shall not be required to be given to them, and they shall not be entitled to vote.

SEC. 5. The Governors shall be divided into three classes as nearly as may be. Each class shall hold office for three years.

ACT OF INCORPORATION

SEC. 6. The Board of Governors shall have power to fill all vacancies that may occur in said Board; to enact By-Laws; to organize a Medical Board for said Hospital; and to appoint all other assistants, agents, and servants as may be proper to carry out the purposes of said corporation.

SEC. 7. Not less than eleven Governors shall constitute a quorum for the purposes of electing officers, making By-Laws, or for holding any special meeting; but for all other purposes, and at stated meetings, seven shall be a quorum.

SEC. 8. All the Professors and matriculated students of any regular medical college in the State, and all other members of the medical profession, and students of medicine may be admitted to the privilege of visiting said Hospital, under such equal regulations as may be prescribed by the Board of Governors.

SEC. 9. No person holding an appointment under the Board of Governors (unless it be honorary) shall be a member of that body. But the members of the Medical Board shall have the privilege of attending the meetings of the Board and of taking part in the debates.

SEC. 10. There may be an Assistant Board, composed of twenty-five ladies, to be appointed from time to time by the Board of Governors in accordance with its By-Laws, to whom shall be assigned such duties as shall be provided by the Board of Governors.

SEC. 11. At any time hereafter, when the State shall contribute a sum equal to that invested in the lands, buildings, and property of said Corporation, then there shall thereafter, and as long as the said Corporation shall exist, be reserved in said Hospital a certain number of beds, not less than one for each County in the State, for the use of poor patients, residents out of the City of New York, to be selected as the Legislature may hereafter designate; and said patients shall receive the medical attendance and care of the officers of said Hospital, and be boarded therein free of expense, until, in pursuance of the rules and regulations thereof, they are discharged.

SEC. 12. The Act passed on the first of March, seventeen hundred and ninety-nine, entitled "An Act to Incorporate the Lying-in Hospital of the City of New York," is hereby so far amended as to enable the Trustees of the said Corporation to appropriate its funds to the use and purposes of the Corporation hereby created.

SEC. 13. This Corporation shall possess the general powers and be subject to the general restrictions and liabilities in the Third Title of the Eighteenth Chapter of Part First of the Revised Statutes.

SEC. 14. This Act shall take effect immediately.

Amended Dec. 27, 1939.

**BY-LAWS OF THE BOARD OF GOVERNORS OF THE
WOMAN'S HOSPITAL
IN THE STATE OF NEW YORK**

Revised October, 1940

ARTICLE I.—STATED MEETINGS

SEC. 1. Stated monthly meetings of the Governors shall be held on the third Monday of January, February, March, April, May, October, November and December. All meetings shall be held at such time and place, in the City of New York, as the Board shall from time to time order or direct.

SEC. 2. If any member of the Board of Governors shall be absent from six consecutive stated meetings, such absence, unexcused, shall, *ipso facto*, be deemed a resignation of membership.

ARTICLE II.—ORDER OF BUSINESS AT STATED MEETINGS

SEC. 1. The following shall be the order of business at the stated meetings of the Board:

Reading the minutes.

Report of the Treasurer.

Reports and communications from the Chief Surgeon.

Reports of Standing Committees.

Reports of Special Committees.

Miscellaneous business, including unfinished business.

Filling vacancies in the Board and in other offices.

Nominations to office.

SEC. 2. All resolutions shall be submitted in writing by the mover.

ARTICLE III.—SPECIAL MEETINGS

The President or any two members of the Board, may call a special meeting of the Governors, by not less than one day's notice, given by the President, the Secretary or the members calling such meeting.

ARTICLE IV.—ELECTION OF GOVERNORS

At their stated monthly meeting, in March in each year, the Board of Governors shall elect, by ballot, the members who are to serve in the class whose term of service will expire on the third Monday of April next after such election. In case of a failure to hold such election at the time above specified, the election may take place at any stated or special meeting thereafter.

ARTICLE V.—ELECTION OF OFFICERS

SEC. 1. At their stated monthly meeting in April in each year, the Board of Governors shall elect, by ballot, a President, a Vice-President,

BY-LAWS

a Secretary, a Treasurer, and an Assistant Treasurer and Custodian, who shall all hold office for the term of one year next after their election, and until their respective successors shall be elected and accept office.

SEC. 2. In case the Board shall fail to elect any officer on the day above specified the election may take place at any stated or special meeting thereafter.

SEC. 3. The Board may at any time elect one or more honorary Vice-Presidents.

ARTICLE VI.—PRESIDING OFFICERS

The President, and in his absence the Vice-President, shall preside at all meetings of the Governors. In the absence of the President and Vice-President, the Governors present shall appoint one of their own number to preside.

ARTICLE VII.—THE TREASURER

SEC. 1. The Treasurer shall have the custody of all bonds, stocks, deeds and other papers and documents relating to the property of the Corporation, and of all moneys received for or belonging thereto, and shall open an account in the name of the corporation with such banks and trust companies in the City of New York, as may be approved by the Board and shall deposit all moneys therein immediately upon receiving them. He shall present each month to the Governors a report of the accounts of the Hospital for the preceding month and shortly after the close of each fiscal year shall present a similar report for such year.

SEC. 2. He shall cause to be kept such accounts as may be necessary to show properly the receipts, expenditures and financial condition of the Hospital, or as may be required by the Finance Committee. These accounts shall be open at all suitable times to the inspection of the Governors.

SEC. 3. He shall present each month to the Assistant Board a report of the current receipts and expenses of the Hospital for the preceding month.

SEC. 4. He shall pay moneys by authority of the Board of Governors or of the Executive Committee and is authorized to buy and sell securities and other property with the approval of a majority of the Finance Committee and to sell and convey real estate with the approval of the Executive Committee and not otherwise.

SEC. 5. He shall have the custody of the corporate seal, to be used only under the authority of the Board, or of the Executive Committee, or of the Finance Committee, except on satisfaction pieces and assignments of mortgages, upon which the Treasurer is authorized to affix the seal when any such satisfaction piece or assignment has been duly signed by the President.

SEC. 6. All bonds, stocks and other invested securities and evidences of debts shall be kept, as the Board may direct, either in the vault of a

BY-LAWS

Safe Deposit Company, to be taken in the name of the Hospital, or with a duly incorporated Trust Company, located in the City of New York, upon a receipt from such Trust Company, holding itself responsible for the safe keeping of such securities. In either case access to said securities shall be had only by the Treasurer, when accompanied by a member of the Finance Committee, or in the absence of the Treasurer by any two members of the Finance Committee. A record of each visit shall be kept in a book provided for that purpose, stating over the signature of the visitors all withdrawals or changes made in said securities, and when no changes are made the object of the visit.

ARTICLE VIII.—THE SECRETARY

SEC. 1. The Secretary shall give notice of and attend all meetings of the Governors, take minutes of the proceedings thereat, and transcribe them in a book provided for that purpose, and attest the same.

SEC. 2. He shall give immediately notice of their elections or appointments to all Governors, officers and members of committees and to the Surgical Staff. He shall prepare the Annual Report of the Governors and attend to its publication.

ARTICLE IX.—STANDING COMMITTEES

SEC. 1. There shall be the following Standing Committees of the Board:

Executive Committee.

Committee on Finance.

“ on Law.

“ on Nominations.

“ on Supplies.

“ on care of Buildings and on Repairs.

“ on Nurses.

Inspecting Committee.

Auditing Committee.

Committee on Social Service.

SEC. 2. The President annually, at the stated May meeting, unless it be ordered otherwise by the Board, shall appoint all the Committees.

ARTICLE X.—EXECUTIVE COMMITTEE

SEC. 1. This Committee shall consist of nine Governors, including *ex-officio*, the President, Vice-President, Treasurer, Chairman of the Committee on Supplies, Chairman of the Committee on Nurses and Secretary of the Assistant Board.

Three shall constitute a quorum.

It shall have the general charge over the Hospital during the time intervening between the regular Meetings of the Board of Governors.

It shall keep records of all its Meetings and shall submit them for confirmation to the Board of Governors at its next regular meeting.

BY-LAWS

SEC. 2. Its Meetings shall be held at least once a month at such time as may be provided by its rules.

SEC. 3. It shall audit and examine the accounts of the Superintendent and authorize such repairs and disbursements as may from time to time be necessary and shall draw drafts in favor of the Superintendent upon the Treasurer therefor. Such drafts, except for the monthly pay roll and supplies, shall not exceed \$500 without authority of the Board of Governors and must be signed by two members of the Executive Committee and when received by the Treasurer will authorize him to remit to the Superintendent the amount called for thereon.

SEC. 4. The following shall be the order of business at regular meetings of the Executive Committee.

Reading the minutes.

Reading the minutes of the Assistant Board.

Reading the minutes of the Surgical Board and communications from the Chief Surgeon.

Report of the Superintendent.

Report of the Committee on Nurses.

Miscellaneous business.

ARTICLE XI.—COMMITTEE ON FINANCE

This Committee shall consist of five Governors including the President and Treasurer *ex officio*. Its duties shall be to advise with and assist the Treasurer, and to control all investments.

ARTICLE XII.—COMMITTEE ON LAW

This Committee shall consist of three Governors, and the President *ex officio*. It shall advise the Board as to any legal question submitted to it. It shall have charge of the prosecution and defence of all suits to which the Hospital may be a party.

ARTICLE XIII.—COMMITTEE ON NOMINATIONS

This Committee shall consist of five Governors, including the President and Secretary *ex officio*. All nominations to fill vacancies in the Board of Governors shall be referred to it, and at the next regular meeting of the governors it shall report such name or names as it may deem best for election.

ARTICLE XIV.—COMMITTEE ON SUPPLIES

This Committee shall consist of five members who shall have the direction and supervision of the purchase of all articles and stores for the Hospital.

ARTICLE XV.—COMMITTEE ON CARE OF BUILDING AND ON REPAIRS

This Committee shall consist of two members and the President *ex officio*. It shall have charge and care of the buildings, and have charge of all repairs.

BY-LAWS

ARTICLE XVI.—COMMITTEE ON NURSES

This Committee shall consist of five Governors and the President and Chief Surgeon *ex officio*. The latter shall have no vote.

It shall have general supervision over the Nurses and their work.

Three shall constitute a quorum.

ARTICLE XVII.—AUDITING COMMITTEE

This Committee shall consist of two members, who, shortly after the close of each fiscal year, shall examine and check the bonds, stocks, mortgages or other securities or evidences of value owned by the Hospital and shall also have the accounts of the Treasurer and Superintendent for the last fiscal year examined and checked by certified public accountants; and shall thereafter report to the Board the result of such accounting with its recommendations.

ARTICLE XVIII.—INSPECTING COMMITTEE

SEC. 1. This Committee shall consist of two Governors for each month, but no two Governors shall serve for two successive months. It shall inspect all the Hospital buildings, visit the wards, service rooms, and laboratories and shall examine as to the cleanliness and order of all parts of the Hospital and grounds.

SEC. 2. It shall enter its report and suggestions in a book, which book shall be laid before the Executive Committee at its next regular meeting.

ARTICLE XIX.—COMMITTEE ON SOCIAL SERVICE

This Committee shall consist of five Governors and the President and Chief Surgeon, *ex officio*. The latter shall have no vote. It shall have general supervision over the Social Service Department. Three shall constitute a quorum.

ARTICLE XX.—ASSISTANT BOARD

SEC. 1. The Domestic affairs and concerns of the Hospital shall be managed by the Assistant Board, appointed in accordance with the Charter, and composed of twenty-five Ladies. It shall have general supervision over the domestic management of the Hospital, subject to the approval of the Board of Governors.

SEC. 2. It shall nominate to the Board of Governors members to fill vacancies among its number, shall enact By-Laws for its own government, shall elect annually a Chairman, a Secretary and a Treasurer and shall appoint its Committees, which Committees shall report to the Assistant Board. It shall fix from time to time the number of members of which each Committee shall consist.

SEC. 3. It may report to the Board of Governors at their Regular Monthly Meeting any matters upon which it may desire to inform the Board, or upon which action may be desired.

BY-LAWS

ARTICLE XXI.—EXECUTIVE STAFF

The Board of Governors shall appoint a Superintendent and such Assistants as the Board may deem necessary for the service of the Hospital and also a Director of Nursing, who shall hold office during the pleasure of the Board or of the Executive Committee.

ARTICLE XXII.—CONSULTING STAFF

SEC. 1. There shall be four or more Consulting Surgeons and Consulting Physicians. They may be consulted on any important case by any member of the Attending Staff.

SEC. 2. Consultants shall have the privilege of sending patients to the private and semi-private rooms of the Hospital when available, and shall have the assistance of members of the House Staff.

ARTICLE XXIII.—SURGICAL BOARD

SEC. 1. The Surgical Board shall consist of the Chief Surgeon, who shall be President of the Board, the Attending Surgeons and the Head of the Pathological Department.

SEC. 2. The Surgical Board shall have general supervision under the direction of the Chief Surgeon of all matters pertaining to the Surgical, Medical and Laboratory work of the Hospital and of the Out-Patient Department. It shall recommend subject to the approval of or at the request of the Chief Surgeon and subject to the approval of the Board of Governors, rules for the internal management of the Hospital so far as the Surgical, Medical, Pathological and all Laboratory Staffs are concerned, provided the rules shall not conflict with the rules and regulations established by the Board of Governors.

SEC. 3. Should a member of the Hospital Staff be insubordinate or otherwise behave in any way prejudicial to the best interests of the Hospital or welfare of the patients, the Chief Surgeon or any Attending Surgeon may suspend such member and shall report the fact of and the reason for such suspension to the Chief Surgeon and to the Executive Committee and shall notify the Superintendent.

ARTICLE XXIV.—CHIEF SURGEON

SEC. 1. There shall be a Chief Surgeon in charge of the surgical work of the Hospital who shall be appointed by the Board of Governors and as such Chief Surgeon he shall be the chief head of the Gynecological, the Obstetrical, the Pathological, the Pediatric, the Special Clinics Department and the Out-Patient Departments of the Hospital, and subject to the Board of Governors and the Executive Committee he shall have full charge and management of the Surgical Staff, of the surgical work of the Hospital and of the above Departments, including the assignment of patients.

SEC. 2. He shall have the control of the clinical material of all the Departments and may select from this material whatever may be neces-

BY-LAWS

sary for his own use in the Hospital, and subject to the approval of the Board of Governors, he may make use of the clinical material of the Hospital for teaching purposes.

SEC. 3. The Board of Governors may appoint an Assistant Chief Surgeon who shall perform such services as the Chief Surgeon shall require and in the absence of the Chief Surgeon shall assume, during his absence, all the powers and duties of the Chief Surgeon.

SEC. 4. In case of expected absence, if no Assistant Chief Surgeon has been appointed, the Chief Surgeon shall have power to appoint as Acting Chief Surgeon, subject to the approval of the Executive Committee, one of the Attending Surgeons, who shall assume during his absence all the powers of the Chief Surgeon.

ARTICLE XXV.—ATTENDING STAFF

SEC. 1. The Attending Staff shall consist of

The Chief Surgeon.

The Assistant Chief Surgeon, if any.

Not less than three nor more than ten Attending Surgeons.

Not less than three nor more than ten Associate Attending Surgeons.

Not less than three nor more than ten Assistant Attending Surgeons.

SEC. 2. Assistant Attending Surgeons shall attend as Chiefs of Clinic in the Out-Patient Department on such days as may be designated by the Chief Surgeon.

SEC. 3. The members of the Attending Staff shall at all times throw their entire influence in favor of the Hospital, and shall have no connections with other Hospitals which require divided loyalty.

SEC. 4. Members of the Consulting Staff, the Attending Staff and of the Departments referred to in Article XXVII shall be nominated by the Chief Surgeon and appointed by the Board of Governors.

SEC. 5. There shall be an age limit of sixty-three years for members of the Attending Staff. This age limit shall not apply to the office of Chief Surgeon.

ARTICLE XXVI.—LEAVES OF ABSENCE OR VACATIONS

In case a leave of absence from regular service or a vacation is desired by any member of the Attending Staff or of the House Staff, or by the Head or Assistant Head of any Department referred to in Article XXVII a request for such leave must be made in advance (preferably at least a week in advance) upon a form provided for that purpose. Each request, if granted, shall bear the approval of the Chief Surgeon and of a member of the Executive Committee, and should a substitute be necessary, the name of a substitute, qualified to act and who has signified his willingness to act for the absentee during his leave of absence. Each request, if granted, should bear also a statement signed by the Superintendent

BY-LAWS

that the Superintendent's office has been duly notified in writing of the proposed leave of absence.

ARTICLE XXVII.—DEPARTMENTS

SEC. 1. There shall be

A Gynecological Department.

An Obstetrical Department.

A Pathological Department.

A Special Clinics Department, which shall consist of the Special Clinics of Urology, Gastro-Enterology, Radio-therapy and Orthopedics.

An Out-Patient Department.

A Pediatric Department.

SEC. 2. Each of these Departments shall have a Head, who shall be subject to the Chief Surgeon. If, however, the Chief Surgeon shall act as Head of any of the Departments, no other Head of that Department need be appointed.

SEC. 3. All employees in all Surgical Departments shall be subject to the discipline of the Hospital.

ARTICLE XXVIII.—REGISTER AND REQUISITIONS

SEC. 1. Members of the Attending Staff and Heads and Assistant Heads of Departments referred to in Article XXVII on arrival at or departure from the Hospital shall note the hour of their arrival and departure in a record kept for that purpose.

SEC. 2. Whenever, in the opinion of a member or members of the Surgical Board, any instrument, apparatus, medical work, or other article shall be thought necessary for use in the Hospital, the name of the article required, and the name of the surgeon or surgeons making the requisition, shall be entered in a book kept for that purpose in the Superintendent's office, and no outlay for the purposes above named shall be made until the requisition shall be approved by the Chief Surgeon and shall be authorized by a member of the Executive Committee.

ARTICLE XXIX.—COURTESY STAFF

Invitations shall be extended each year by the Executive Committee or by the Board of Governors upon recommendation by the Chief Surgeon to not more than fifty Surgeons skilled in Gynecology or Obstetrics, who shall have the privilege of sending patients requiring treatment for diseases peculiar to women or obstetrical cases, to the private rooms of the Hospital, and of treating and operating upon the patients sent by them, subject to such conditions as the Board of Governors may, from time to time, determine.

ARTICLE XXX.—APPOINTMENTS

Members of the Attending Staff, Members of Departments referred to in Article XXVII, Members of the Consulting Staff and of the

BY-LAWS

Courtesy Staff, shall be appointed annually in the month of April, and shall hold office, subject to the pleasure of the Board of Governors.

ARTICLE XXXI.—ENDOWED BEDS

SEC. 1. The Board of Governors may fix amounts which when paid shall entitle the donor to nominate from time to time a patient to use and occupy free of charge one bed in the common wards of the Hospital, subject, however, to such rules and regulations for the admission, treatment and discharge of patients as are now or shall be hereafter prescribed by said Board.

SEC. 2. Where such nomination is accorded during life, or in perpetuity, the amount paid thereafter shall be kept invested in income-producing securities until the privilege may lapse by the death of the donor or otherwise.

SEC. 3. A gift of \$10,000 shall entitle the donor and the donor's successors if either of them is or is acting for, a corporation or association, to nominate from time to time a patient to use and occupy free of charge one bed in the common wards of the Hospital for a period not to exceed ninety days of occupancy in any one year.

SEC. 4. A gift of \$10,000 shall entitle an individual donor and his or her successor, if acting only as an individual and not for a corporation or association, to nominate from time to time a patient to use and occupy free of charge one bed in the common wards of the Hospital.

SEC. 5. A gift of \$5,000 shall entitle an individual donor and his or her successor, if acting only as an individual and not for a corporation or association, to nominate from time to time a patient to use and occupy free of charge one bed in the common wards of the Hospital for a period not to exceed ninety days of occupancy in any one year.

SEC. 6. A gift of \$300 shall entitle the donor, for a period of one year, to nominate from time to time a patient to use and occupy one bed in the common wards of the Hospital free of charge for a total of sixty days.

SEC. 7. All endowed bed privileges are subject to the Rules and Regulations governing the admission, treatment and discharge of patients.

SEC. 8. Contributions to the endowment fund of free beds, as above provided for, may be made by installments, when the donor shall, in writing, so notify the Treasurer at the time of each payment. So long as the instalments so paid in shall not equal the sums required under the preceding sections, the amount received shall constitute a portion of the Partly Endowed Bed Fund, the income of which shall be used for the payment of the current expenses of the hospital, and no privileges shall accrue to the donor.

SEC. 9. The Board of Governors shall have power in their discretion to make, under special and exceptional circumstances, such other arrangements (temporary or permanent) as to endowed beds as they may deem best calculated to promote the objects for which the Hospital was established and is now being maintained.

BY-LAWS

SEC. 10. Certificates of the right to nominate patients to use and occupy beds free of charge shall be issued in such form as the Board of Governors may prescribe and when extending over a period of more than one year, shall be signed by the President or Vice-President and Treasurer, who shall affix the seal of the Corporation.

SEC. 11. If a donor of an endowed bed desires to appoint a successor to nominate patients to occupy such bed, the donor must so state in writing by will or otherwise, and notice of such change shall be given the Hospital within three months.

ARTICLE XXXII.—AMENDMENTS

No alteration or amendment of these By-Laws shall be made unless notice shall be given at a previous regular meeting of the Board of Governors. A copy of any proposed alteration or amendment shall be mailed to each member of the Board at least three days prior to the meeting at which action thereon may be taken.
